RELEASED IN FULL

-φ Ivcher

MESSAGE .TXT

Peruvian law -- as we understand it -- requires a renunciation as part of the naturalization process. The renunciation is a notarized oral declaration.

Ivcher is accused of not having renounced his Israeli citizenship prior to

receiving Peruvian citizenship. Charges that he subsequently used an Israeli

passport to travel to Israel was offered as evidence of non-renunciation, but

use of the passport in and of itself is not the charge leveled against

Ivcher. Ivcher claims that he renounced in time and in the correct manner,

but that the GOP immigration service "mysteriously" lost the paper in the

file.
