Subject: no Ivcher meeting just yet
Date: Monday, July 28, 1997 11:31AM

After staff meeting this morning, Elliot Abrams called back to say that Ivcher has decided NOT to do a press conference this Thursday after all, nor will he seek an appointment here at State. Ivcher got a readout from his Peruvian attorney (who is in the same firm as Fujimori's attorney, Sandro Fuentes) that Fujimori was put under intense pressure this weekend from his brother Santiago and Fuentes to resolve the Ivcher matter. Ivcher's therefore waiting to see if there are any positive developments this week.

Interesting footnote -- Ivcher's attorney heard that Fujimori complained to Santiago and Fuentes that he has no one to trust anymore. Maybe the story about Fujimori not being born in Peru has been traced to Montesinos? We'll consult with Dennis and see what he thinks.
